

Smile makeovers

A smile makeover involves one or more procedures to improve your natural smile. The treatments are all individual to a persons own needs, so whatever the reason for your dissatisfaction with your smile, there are many ways in which we can help to improve your smile.

The case:

This young lady was unhappy with the appearance of her teeth which were worn down.

The detail:

Treatment involved restoring the upper front teeth with six ceramic veneers.

The result:

The treatment provided an aesthetically pleasing smile and thus restored the patient's confidence.

Smile makeovers

The case:

This young lady was unhappy with the appearance of her crooked teeth.

The detail:

The upper front teeth were crooked but also had failing old restorations. The patient's smile was restored by treating the upper teeth with a combination of crowns and veneers.

The result:

The young lady was fully restored with a beautiful smile.

The case:

This young lady was dissatisfied with her smile.

The detail:

Closer examination revealed two unaesthetic crowns on her central incisors. The treatment involved replacing the old crowns with two all ceramic crowns as well as reshaping the gum on the upper left central incisor.

The result:

The patient's confidence was boosted with her new smile.
