

Tooth whitening

At Bridge Dental Practice we use cutting-edge techniques for tooth whitening treatments, this enables us to achieve brighter smiles predictably and consistently every time.

The case:

This patient had yellow discolouration of the teeth and had lost all confidence in their smile.

The detail:

Treatment involved a combination of in surgery tooth whitening (1 1/2 hours) and home whitening for one week.

The result:

The patient was delighted with the final outcome and the brighter teeth revitalised her confidence

If you would like any further information about our tooth whitening service, please call us on **01282 423973** where a member of our team will be happy to talk to you.
